Patron Message-

Greetings to all students of JJAMC,

I hope this message finds you well. As we move forward into the new year, I want to remind you that you are capable of achieving anything you set your mind to. Remember to stay focused on your goals and keep pushing yourself to be the best version of yourself.

Here is an inspiring quote to help you stay motivated:

“The only way to do great work is to love what you do.” - Steve Jobs

I hope this quote inspires you to keep working hard and chasing your dreams. Remember, you have the power to make a difference in the world.

Best regards,

Dr. Vijay Patel, M.D (Hom.)

Editorial desk-

Dear BAMS students,

I hope this message finds you well. As the newly appointed principal of this esteemed institution, I am excited to be a part of your academic journey. I want to remind you of the importance of regular study. Regular study is essential to succeed in all areas of activities. It helps in excellent organization as well as creating a sense of accountability in the students' learning process.

I am proud of the efforts taken by our faculties to ensure that you receive the best education possible. They have been working tirelessly to create a conducive learning environment that fosters growth and development. I urge you to make the most of this opportunity and work hard towards achieving your goals.

Here is an inspiring quote to help you stay motivated:

"Success is not final, failure is not fatal: it is the courage to continue that counts."
- Winston Churchill

I hope this quote inspires you to keep working hard and chasing your dreams. Remember, you have the power to make a difference in the world.

Best regards,

Dr Komal Jani
Principal & Hospital Superintendent

Faculty Article –

Information Of Portals At NIIMH

Dr Suryakant J. Patil Asso. Proff, Agadtantra

Showcase of Ayurvedic Historical Imprints (SAHI)

Showcase of Ayurvedic Historical Imprints (SAHI) portal is designed and developed by CCRAS-National Centre of Indian Medical Heritage, Hyderabad to present the history of Ayurveda, from the Pre-historic period to current times. This is an attempt to investigate and present the medical heritage of the Ayurveda dispassionately, critically to reconstruct and envisage the medical past of India from the perspective of history, in relation to and as part of the general civilization of the various periods. Further SAHI portal will also map dynamic interactions with rest of the world from the remote period till date.

Ayush Research Portal (ARP)

Development and Maintenance of "Ayurveda, Yoga & Naturopathy, Unani, Siddha and Homoeopathy (AYUSH)" research works in an organized fashion to avoid duplication of work, to encourage interdisciplinary research and generate evidence for wider acceptance of AYUSH systems worldwide. ARP is continuously updated and monitored System.

Ayurvedic Encyclopedia

Phase - I, Encyclopedia of 3000 Ayurveda technical terms in:

1. Printed Book (English, Hindi Translation), in 3 parts.
2. Digital version [Bilingual translation, Transliteration Standalone and Platform independent CD Version. Powered with Multiple browsing options viz., alphabetical order, reverse dictionary (from English to Sanskrit) and subject wise.]

Collection and Digitization of Medical Manuscripts (CDMM)

No of original Manuscripts collected- 282

Total No of Digitization: 5102 (Medical Manuscript - 2580,

Rare Medical Books - 1220, Rare Medical Journals issues- 1302)

Descriptive Catalogues prepared for 5102 digitized manuscripts, rare books and journals

Integrated Clinical Decision Support System

Electronic Health Records with :Clinical decision support system for Ayurveda, Siddha, Unani Systems of Medicine and Yoga, Naturopathy.

RESEARCH MANAGEMENT INFORMATION SYSTEM (RMIS)

The academic Institutions of Ayurveda are imparting higher education viz. M.D./M.S. and Ph.D. in several disciplines of Ayurveda. As an integral part of the course, the postgraduate and Ph.D. scholars are to submit thesis work based on research work done by them during that period. The quality of research may be enhanced by appropriate formulation of research hypothesis/research idea in the initial stage and executed through well planned study design and statistical proposition.

To achieve this, the council being apex body in the Country for formulation and co-ordination of research in Ayurveda, has initiated a dedicated 'Research Management Information System' at National Institute of Indian Medical Heritage, Hyderabad and CCRAS, Hqrs for offering

suggestions/inputs related to planning/designing/protocol related sampling and statistical issues etc as required by M.D./M.S. and Ph.D. scholars and guides across Ayurvedic Institutes/Colleges in the country.
