

1. Swachhata Pledge

The programme will commence with the Swachhata Pledge, where students, faculty members, and NSS volunteers will collectively pledge to maintain cleanliness and encourage others to adopt hygienic practices.

2. Cleaning Campaign Drive

An organized cleanliness campaign drive will be conducted in and around the college campus. NSS volunteers and students will actively participate in cleaning activities and create awareness regarding personal and community hygiene.

3. Tree Plantation Programme

A tree plantation drive will be organized to promote environmental conservation and increase green cover. Students will be encouraged to take responsibility for the care and maintenance of the planted trees.

4. Awareness on Single-Use Microplastics

An awareness activity will be conducted on the harmful effects of single-use plastics and microplastics on the environment and human health. Participants will be encouraged to reduce plastic use and adopt sustainable alternatives.

5. Dry and Wet Waste Segregation

Students will be educated about segregation of dry and wet waste at source. A practical demonstration will be conducted to explain proper disposal, recycling, and responsible waste-management practices.

6. Role of Youth in Swachhata

A special awareness programme/guest lecture will focus on the Role of Youth in Swachh Bharat Nirman and Conservation of Environment. The session will motivate students to become active ambassadors of cleanliness and environmental responsibility.

7. Essay Writing and E-Poster Competition

Creative competitions will be organized to encourage students to express their ideas and promote awareness about cleanliness and environmental conservation.
